DALY CITY, SAN MATEO COUNTY, CALIFORNIA, Published Wednesday WEDNESDAY, JULY 2, 1941 VOL. 36, NUMBER 21

YOUNGSTERS GET LUNCHES ALL SUMMER

Daly City One Of First Cities To Sponsor Plan

School's out! You can almost hear it ringing down the streets—

"No more papers, no more books

"No more . . . "

Twenty-six million boys and girls don't have to be told the end of that classis couplet. But, although it means the end of classes it doesn't mean the end of noon lunches for Daly City boys and girls.

Daly City is one of the small minority of towns in the United States that has been forehanded enough to take advantage of federal aid in providing good, inexpensive lunches for school children during the summer vacation. This aid is given only when there is local organization and sponsorship. Jefferson Union high school, under the leadership of Principal James Ferguson, has provided its fine cafeteria and cooking facilities, making the federal lunch program possible in Daly City. Daly City is the only community in San Mateo county having such a program.

Children may have lunch for five cents from 11:30 a. m. to 1 p. m. at the high school every day except Saturday and Sunday. The cafeteria is under the direction of Mrs. Grace Nelson.

Source of the supply of food is the Surplus Marketing Administration of the Department of Agriculture, which has been routing thousands of pounds of vitamin-and-mineral-rich foods off the farms and into community or school kitchens for use in the school lunch programs.

Throughout this school year, in every State in the union, children have been benefiting from this program. At the peak, close to five million children were reached. Altogether, 400 million pounds of food were purchased and distributed for this use.

In California over 300,000 children were served through the co-

Redwood Invites Daly City To Attend Peninsula Event

Mayor John J. Fahey of Daly City was invited this week in a letter from Mayor Harold F. Anderson of Redwood City to attend the Peninsula Fourth of July Celebration to be held in the San Mateo County seat and to pass along the word that all residents of this community are likewise urged to attend.

The observance, most ambitious ever attempted by Redwood City, gets under way Friday, with a model airplane meet at 7:30 a. m., to be followed by miniature auto races at 10 a. m.; a parade at 11 a. m.; President Roosevelt's broadcast at 1 p. m.; patriotic exercises at 1:30 p. m.; rodeo at 2 p. m.; athletic events for children at 5 p. m.; free fireworks at 8:15 p. m. and dancing to Dude Martin's Roundup Gang at 9 p. m.

The celebration will continue through Sunday in the gaily-decorated city where residents are garbed in Western regalia to typify the spirit of the Old West.

Saturday's program calls for a floral and bike parade for children, rodeo parade, pie and watermelon-eating and greased-pole

Conduct Second R-Day At Local Draft Office

Second R-Day—registration for the draft of those who reached the age of 21 after October 16, 1940—went off smoothly in Daly City and South San Francisco, yesterday.

The cards filled out by the potential draftees will be shuffled tonight at the draft board meeting at the Daly City city hall. They will be numbered S1, S2, S3, and so forth. A master lottery at Washington, D. C., will determine the order that these numbers will be called, just as was done after the first registration.

Whole Town To Observe Fourth of July Holiday

Daly City will shut up shop Friday, July 4, and join the nationwide trek to the beaches and the countryside—celebrating Independence Day, like all good Americans, by taking the day off.

All departments of the city hall will be closed, Friday, Saturday, and Sunday, except the police department. Police Chief James G. Reardon cautioned Daly City motorists to "take it easy" on the crowded holiday roads, warning that Fourth of July accidents are notoriously numerous.

The Daly City WPA Recreation department will be closed for the three-day weekend, as well as both the Daly City and Colma branches of Bank of America.

Mrs. Lela Campbell To Exhibit Dolls

Dolls! All kinds, colors, and nationalities will be exhibited in the show-windows of Warshawski's Dry Goods store, 6340 Mission street, beginning Thursday, July 10. Creator of the clever characters is Mrs. Lela Campbell, Daly City WPA recreation leader.

Mrs. Campbell has had the hobby of making dolls for three years, during which time she has intensively studied costuming, especially foreign and early American.

She became interested in this hobby through teaching youngsters in her WPA class to make rag dolls. Mrs. Campbell's creations are, on an average, 18 inches tall. The bodies and heads are usually stuffed with kapok, and the heads are made of stockings. Subtle differences in the texture and complexion of faces

(Continued on Page 2)

The Shopping News To Be Delivered Today

As an aid to shoppers stocking up for the holidays, the Shopping News is being distributed today, instead of Friday, the regular publication day.

This will give all those in Daly City and Colma who are looking forward to picnics at the beach or leading a lazy day or two in the country, a chance to pick up food bargains being offered for this occasion by local merchants.

Nope, It Wasn't The Martians From Mars

It sounded like an invasion at least! But it was only the Daly City Fire department putting on an extra-loud parade for the benefit of the voters, Monday evening.

Stirring up interest in the fire department bond election, all the members of the well-organized fire force, and a lot of other people as well, serpentined in their cars through the Daly City streets.

All the fire equipment clanged and shrieked through the town, and nobody except the stone-deaf was in a position to ignore the demonstration. And nobody wanted to.

FIRE DEPARTMENT BOND ISSUE PASSES

Chief Chesney

Affirmative Votes Far Outnumber Opposition Ballots

The bond issue goes over!

The citizenry of Daly City yesterday cast their ballots overwhelmingly in favor of the $40,000 Fire department bonds in the much-discussed special election called by the city council at the suggestion of the Fire department. The affirmative votes easily surpassed the needed two-thirds majority to put the issue over.

When the last vote was counted it was found that 1312 had voted to incur the bonded indebtedness, while 544 voted against it. A total of 1238 was needed for a two-thirds majority. Total vote was 1856.

Daly City Fire Chief A. P. Chesney has already begun his latest check of costs to be covered by the bonds. He estimates that it will take two or more months to sell the bonds.

"I hope to show the people what they are getting for their money in six months or less after the bonds are sold," he said. He stated that in from six to nine months the Daly City fire department will be entirely renovated and will be ready to meet every protective need of the city area.

In a statement to the voters Chief Chesney said, "The Daly City fire department wishes to thank their many friends for the way they turned out and gave such splendid support to the Improvement bonds at the special election.

"It is such actions as this that strengthen and build up the morale of the fire department, and show the boys that the citizens of Daly City appreciate their efforts in giving first class service to their community.

"We also wish to thank the Daly City Record for the splendid publicity that they gave us.

"Thanking everybody again, we are ready for your call night and day."

The $40,000 will be spent to replace the fire trucks now in use by five fire companies. One new truck will be fitted as a first aid ambulance, salvage truck and light wagon. The present alarm system, which is twenty years old, will be replaced by an up-to-date system. Two steel drill and hose towers will be built, fire houses will be repaired and rebuilt where needed, and all miscellaneous necessities to modern-

To Launch U. S. O. Campaign Tonight At Committee Meet

Do you have a relative who has been drafted? Whether you have or not you can be a big help in making the life of young men in the army happier and more interesting.

The USO (United Service Organizations) is conducting a drive to raise funds to supply the draftees with good entertainment and recreation facilities.

At the request contained in a letter from the San Francisco office of the USO, Mayor J. J. Fahey will appoint a committee, tonight, to collect funds in Daly City.

Fahey has asked representatives of all Daly City organizations to attend tonight's meeting to discuss collection of USO funds. The session will start at 7 p. m. at the city hall.

Within a week or ten days after the formation of this committee every home and business house in Daly City will be contacted.

The estimated quota per person expected by the USO is 16½ cents. This would indicate that

(Continued on Page 2)

Complete Assessment Rolls For 1941-1942

B. C. Ross, city clerk of Daly City, announced this week that the assessment rolls for the fiscal year, 1941-42, have been completed, and are open for examination in the city clerk's office at the city hall each day from 9 a. m. to 5 p. m.

The board of councilmen of Daly City will meet Monday, July 7 at 8:30 p. m. to sit as a board of equalization to equalize assessments, and will continue in session until all the returns of the assessor have been rectified.

Applications for correction of assessment of real estate, improvements and personal property are required to be verified by oath and filed with the clerk.

Disaster Committee Spends Year In Study of Master Protection Plan

After nearly a year's study and work the Daly City Disaster Preparedness committee has now developed its plan to near-completion, according to A. J. Bodien, chairman.

In the event of any disaster striking unexpectedly in Daly City, the plan is in readiness to function for the welfare of Daly City residents.

The different departments of the city government and organizations, such as the American Legion and the Veterans of Foreign Wars, will coordinate to keep order and do everything possible to prevent social dislocation in time of disaster.

Through their promptness a year ago in beginning to organize a disaster plan, the committee anticipated the President's executive order made, May 20, creating the Office of Civilian Defense. This office has as one of its duties to assist state and local governments in the establishment of state and local defense councils or other agencies designed to coordinate civilian defense activities.

Daly City's Defense Council was created by ordinance, June 23. Since the purpose of this council is to "take measures for adequate protection of the civilian population in emergency per-

A. J. Bodien

iods, to facilitate constructive civilian participation in the defense program, and to sustain national morale," according to the President's proclamation, the organization devised and worked out by the Disaster Preparedness committee may be employed by the Defense Council to good advantage.

The Disaster Preparedness plan is divided into three principal parts: protection of persons and property and preservation of order; public relief and rehabilitation; preservation of health and sanitation.

Under the first division are the fire department, police depart-

(Continued on Page 2)

To Open Naval Recruiting Office At Local City Hall, Saturday Morning

A Navy Recruiting office will be set up, Saturday, at the Daly City city hall, according to S. A. Thomas, C. B. M., U. S. N., Travelling Recruiting officer for California. This is part of a drive by the navy to recruit a quota of 35,000 men by the end of July.

The office will be open each Saturday from 9 a. m. to 1 p. m., and will be the recruiting center for Daly City and its vicinity.

Men between the ages of 17 and 31 may enlist in the regular navy at the local station. Men between 17 and 50 may enlist in the Naval Reserve. Physical requirements for the Naval Reserve have been lowered, according to Thomas.

Application for Naval Aviation Cadet training may be made by men between the ages of 20 and 27 who have had two years of college work. If accepted they will be trained at the Oakland airport, and, when they have had seven hours flying time, sent to a major naval air field.

Men between 20 and 28 who have a university degree, either bachelor of arts, bachelor of science, or in engineering or electricity, may apply for appointment as midshipman in the Naval Reserve. They will be sent to officers' training school, and this may lead to a commission as ensign.

The main recruiting office is in Room 52, Federal building, San Francisco. It is open every day except Saturday and Sunday.

Want A Job?

The United States Civil Service Commission announces open competitive examinations for the following: Senior foreman painter, foreman painter, senior painter, painter, painter's helper, senior carpenter, carpenter and carpenter's helper; senior blueprint operator, junior blueprint operator, senior photostat operator, and junior photostat operator; and senior inspector, inspector, associate inspector, ship construction throughout the States of California, Arizona and Nevada.

The necessary forms and complete information regarding these examinations may be secured from the manager, Twelfth U. S. Civil Service district, Room 119, Federal office building, San Francisco or from the Colma postoffice, Colma.

A job-opportunity list is currently published by the U. S. Civil Service commission at semimonthly intervals showing the skilled workers needed by Government agencies for National Defense positions.

The latest issue of this "United States Civil Service Commission Consolidated List"—as it is officially and completely called—shows that shore establishments of the Navy, and arsenals, armories, and air depots of the War Department need workers for such varied employments as aircraft engine test operators, instrument makers, lens grinders, gage makers, gage checkers, aircraft electricians, parachute mechanics, ordnancemen, procurement inspectors, harness-machine operators, ironworkers, tool-grinding machine operators, and bombsight mechanics.

Through the U. S. Civil Service commission and its local "rating examiners," qualified workers for civilian defense jobs in the skilled trades of the War and Navy departments are being picked from unemployment, part-time employment, and employment in which no use is made of basic skills. In locating applicants, close cooperation is maintained with the United States Employment Service, and interested persons may obtain assistance at the Employment Service offices in filing applications.

Jobs In Aircraft

The California Department of Employment today announced nearly 1200 jobs are open to persons who can qualify for them, at one of the large Southern California aircraft factories.

Generally, applicants must have had experience, furnish their own tools, a copy of their birth certificates or final citizenship papers, and transportation to the plant, the Department said.

Specific information concerning the jobs, it was stated, may be obtained by calling at any one of the department's 81 offices.

The CCC And Jobs

Not only jobs, but better jobs are awaiting those who avail themselves of training offered by the Civilian Conservation Corps, Dayton E. Jones, state supervisor, CCC selection, announced this week.

"Some young men," he said, "may be employed now temporarily, due to greatly stimulated employment opportunities resulting from the Defense program.

"Before you jump at the first job that comes along," he said, "we suggest that you have a chat with the CCC agent in your county for further information."

County selecting agent is Don Wild, whose office is 430 Peninsula avenue, San Mateo, phone San Mateo 1201.

The federal organization has classes in welding and blacksmithing—skills which are very much in demand at the shipyards around San Francisco. There are defense training courses in California CCC Camps for carpentry, short wave radio code, repair and installation, truck-driving and repair, heavy duty equipment operation and repair, including graders, tractors, bulldozers, cranehoists, etc.

Lions Club Meets Under New Officers

For its first meeting under its new officers the Lions club will have a weekly luncheon session at Ric's place today at 12:10 p. m.

Announcement of committee members will be made, according to the club secretary, R. L. Crane jr. The club has chosen three boys and three girls to send to Camp Shadowbrook this month.

H. H. Smith jr. has been named chairman of the bowling committee, which is making plans for future competitions.

"Barney" Hilton Rushed to Hospital

A. L. "Barney" Hilton, lieutenant in the police department of Daly City, suffered a heart attack, Sunday evening, after returning home from Junipero Serra hospital, where he had been confined for two weeks with a weak heart.

Hilton's condition is described as "fair." He has been off duty since February, when he was struck by a heart attack while driving with other officers to San Mateo.

Disaster Group

(Continued from Page 1)

ment and water department, under James G. Reardon, A. P. Chesney, and A. J. Bodien, respectively. The second division will be taken care of by Old Glory Post, No. 2044, Veterans of Foreign Wars and Daly City Post No. 410, American Legion, under Howard McHugh and R. L. Crane jr., respectively. Health and sanitation work will be under the direction of Fred Collins.

Boy Scouts are to be used as messengers. The head of each city department has been schooling the department members as to their duties according to the disaster plan. Police Chief James Reardon has divided Daly City into twelve zones and has arranged to deputize a number of men of military experience in case of disaster.

Members of the Disaster Preparedness committee are A. J. Bodien, chairman; Fire Chief A. P. Chesney, Police Chief James G. Reardon, Assistant Health Inspector Fred Collins, R. L. Crane jr., and Howard McHugh.

Peninsula Fourth

(Continued from Page 1)

climbing contests, rodeo, athletic events, kiddies' amateur hour, and dancing.

On Sunday, miniature auto races will be held at 10 a. m. and a horse show and boat races at 2 p. m.

Except for the boat races, which will be held at Redwood City Yacht Harbor, all events will be staged at the Recreation Center on Bayshore highway in the southern part of Redwood City. During all the days, numerous concessions will be operated by civic organizations; Jo-Jo the Clown will present entertainment; puppet shows will be in operation, and many other features will be offered. Proceeds go to development of recreation facilities.

President Arrested

Ulysses S. Grant was the only President ever arrested during his term of office. He loved fast horses, always had several in the White House stables, and had taken the highest mark for horsemanship in his class at West Point. His record in the high jumps has never been equaled. One day he was driving a spirited team in Washington, exceeded the speed limit, and was arrested by a colored policeman. The President put up a deposit of $20, but never appeared at the police court, and commended the colored policeman for doing his duty.

Last Word in Television

The new television antenna just completed atop the Chrysler building in New York is the only one of its kind in the world. Built to withstand a 150-mile gale, it consists of four hollow tapered aluminum bars, electrically heated to prevent formation of ice in the winter.

These Little Ladies Have Charm

—Photo by Staff Photographer Dale Hovey

Aren't they clever? You bet! And they were made right here in Daly City. Their designer was Mrs. Lela Campbell, well-known Recreation leader. She will have the handsome dolls, each one of which is made entirely by hand, on display in the show window of Warshawski's Drygoods store, 6340 Mission street, beginning Thursday, July 10.

In the top picture are dolls representing countries as different as Hawaii and Holland. In the lower photo is a representative group of early American dolls. These are only part of Mrs. Campbell's collection.

For U. S. O.

(Continued from Page 1)

approximately $1700 is expected to be donated by Daly City.

The money will be used to make the camps for draftees more enjoyable. Meeting places will be supplied. There will be libraries, all types of sports, contests—everything to keep up the spirits and morale of the young men. Many of the camps are near no city with adequate recreational facilities. The USO aims to correct this social deficiency.

Greek Training Table

Candidates for athletic games in ancient Greece lived on new cheese, dried figs, boiled grain with warm water and no meat.

DOLLS

(Continued from Page 1)

are achieved. For instance, the face of a Chinese girl is made with a pink child's sock under Nylon, while the dusky skin of a Hawaiian girl is made with a brown silk stocking. The face of an eighteenth century French doll—delicate and artificial—is made with a white stocking under chiffon.

An especially interesting group is two old peasants, whose faces have an old, weathered effect—achieved with paper towels.

Send Leaders To Training School

Two of the members of the Daly City WPA Recreation department—Franklin Ny and John Rose—have been sent by government order to the Samua Gompers Training school in San Francisco for defense training.

Ny has been recreation leader at the Jefferson high school gymnasium, and Rose has worked at Marchbank park. "Curly" Stadelman will take his place at the park on Sundays, and will work at the high school the rest of the week.

Ny will take training in structural aircraft.

Grass Fire Rages Near Court

A red glow lit up the sky in the southern part of Daly City Thursday night, as a grass fire raged at the rear of the San Francisco Auto Court, Hillsdale boulevard and Gambetta street.

Daly City Fire department Companies Nos. 1, 2, 3, 5, 6 and the Colma Volunteers, answered the call, which was made from fire alarm box 38, newly installed.

While all the apparatus was at the scene of the fire another alarm was sounded and three trucks were sent to answer it. It was found to be a false alarm.

The grass fire was extinguished in about half an hour.

Golf Employee Victim of Holdup

"This is a holdup!"

That's what Joe Boccelli, employee at the Lake Merced Golf course, heard as he was turning off a sprinkler on the golf course Thursday, about 11 p. m.

Two men had come up behind him with a gun. They went through his pockets and took $2.75. After disputing between themselves whether or not to take Boccelli's Ford, they decided not to and disappeared in the darkness.

Local police were informed of the holdup by Hermann Stajhann. The case, having occurred outside Daly City limits, was referred by Chief James G. Reardon to the county sheriff's office.

SUMMONS

No. 32735

In the Superior Court of the State of California, in and for the County of San Mateo.

RALPH GOLLAN, Plaintiff vs. FRANCES GOLLAN, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

HENRY JACOBSEN, Jr. 963 Flood Building, San Francisco, Calif., Attorney for Plaintiff.

The People of the State of California Send Greetings to:

FRANCES GOLLAN, Defendant. You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said county, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 26th day of April, A. D., 1941.

Special Stamp

The National Society of Daughters of the American Colonists has asked the post office department to issue a special stamp to honor Mary Ball, mother of George Washington.

Miss Highfield Receives License

Miss Helen Highfield, for six years a realtor and notary public in Daly City, passed the difficult contractors' and builders' examination, at Sacramento, June 2, and now is a licensed contractor and builder.

In the examination, which was said to be the most difficult in the history of the examining board, Miss Highfield was among the less than 20 per cent that passed.

Miss Highfield is one of the few women in the state who have passed this examination. Many hours of study were spent before she felt secure in her ability to pass, but, according to the successful Daly City realtor, her 17 years of experience in real estate was an invaluable help to her.

DALY CITY NUT SHOP TO CLOSE JULY 3-11

Mrs. Louise Williams, proprietor of the Daly City Nut Shop, at Mission street and Wellington avenue, will leave for a week's vacation in Los Angeles, tomorrow. While there, she will visit with her mother.

In her absence, July 3-11, the shop, well-known to local candy enthusiasts, will be closed. She plans to have a number of repairs made.

Mrs. Williams resides at 255 Knowles avenue.

Oversupply of Oil

When there is an oversupply of oil in the crankcase the spark plugs are likely to foul quickly and cause the motor to misfire.

INDIAN AFFAIRS

I asked Mr. John Collier, of the office of Indian affairs, to come in to tell me something about the Navajo situation.

It appears that the land on the reservation, in 81 years, has completely changed because of overgrazing. What was once meadow land with plenty of water and beautiful grass, is now practically desert. The wooded slopes have disappeared, floods wash away the top soil and the grass no longer exists. It is quite evident that, in order to bring it back, there must be a drastic curtailment of cattle wild horses, goats and sheep.

This means that a people, whose average cash income is only about $120 a year, must either go on relief, which they want at all costs to avoid, or starve to death. The only other solution seems to be the possibility of carrying through an irrigation project which will allow them to irrigate enough land so they can raise crops to feed their cattle at certain times, and also to grow some cash crop if the difficulty of transportation can be overcome.

The decision on the irrigation is, of course, up to congress. At the present time, I can quite understand the argument against putting money into anything which can be set aside to be done when the defense period is over. Still, if congress decides that this is necessary, it seems to me that they have a joint responsibility with the office of Indian affairs to devise some means by which these naturally independent American citizens can earn their living and not feel dependent upon the government for a chance merely to survive.

AMUSING LUNCH

We had an amusing lunch one day. Dr. Floyd Reeves and Mr. Mark. McCloskey were our only guests. We sat on the south portico looking across the White House lawn to the Jefferson Memorial. In passing, I should like to say that I hope in time the gleaming white dome of that memorial will weather to a little softer color.

At a little before six o'clock, Prince Bernhard and Princess Juliana arrived. He is as friendly and simple as she proved to be when she came on her first visit. I met them on the front portico and took them up to the President's study, where the President was waiting for them.

We had a small dinner and movie in the evening. The President had given me strict instructions that I was not to put over anything educational on them, that it was to be an evening of entertainment! In other words, he did not want me to use the occasion to show any of the government films. Therefore, our dinner guests are none the wiser as to our farm security program, our soil conservation work, the CCC, or any of the things which they might otherwise have seen!

When our dinner guests had left, the President sat and talked to our two young royal guests on European conditions until late in the night.

It was a joyful surprise just before dinner to get word from Bolling field that Elliott had flown in from one of our outpost camps now being built. He telephoned his wife and made the distressing discovery that his small son had had an accident to his eye.

Elliott told me something about this camp on which these regular army boys are working 18 hours a day to transform it into an airfield. The weather has been very trying and the boys who came up from Miami are finding it very difficult to adjust to it. Even letters take a long while to get there. Elliott says it is easy to think you have been forgotten by your family and friends as well as your government.

* * *

TO NEW ENGLAND

We spent one night in cabins just beyond Portsmouth, N. H., by-pass. Several detours, roads in the process of being mended, heavy traffic in and around Boston, and occasional showers of rain, made our trip really longer than it should have been.

It is a lovely drive though, along winding Connecticut roads with many glimpses of small lakes and running brooks. Finally, when we were nearing Newburyport, I had my first good smell of the sea, which is always exhilarating.

I thought we would spend the night in Portsmouth at the old Rockingham hotel. My first surprise, however, was to find myself on the by-pass, which I do not remember having seen before. It is a good many years since I have taken this drive and it may not have been in existence when I came up last.

In any case, I missed the first road to Portsmouth, and then was lost after turning off further on. I finally reached the hotel, only to find that they had no room. They directed us elsewhere, but we decided to go on a little further and look for some attractive cabins.

As a matter of fact, I think I could almost have reached Portland, Maine, in the time I wandered around the outskirts of Portsmouth. But these little mistakes are all "luck of the road" and, if you like occasionally to wander, you must count on making mistakes.

London Police

Each policeman in London hereafter will cost the city $1,280 a year.

The Watch On The Brine

By BETTY BARCLAY

Serious things are happening — far too near for comfort. One by one, the nations of our world have been drawn into history's most gigantic struggle. So far, we are merely watching — and preparing. We are still independent on Independence Day. We intend to remain independent.

"Three square meals a day" means America. W le nations struggle, we can calmly prepare tasties like the following for that Fourth of July that means so much to us:

Baked Canned Salmon with Lemon

Canned salmon offers a quickly prepared main course when served as follows. Accompany with parsley potatoes, asparagus, broiled tomatoes and a dessert.

Chill a 1 pound can of salmon. Remove fish from can and cut in 4 parts with a sharp knife. Arrange in a shallow baking dish and sprinkle with 1 tablespoon lemon juice and 4 tablespoons sharp French dressing. Place a bay leaf on each serving of salmon. Bake in hot oven (400° F.) about 20 minutes, or until heated through. Remove bay leaves. Decorate with paprika and serve with juice-providing lemon quarters. (Serves 6.)

Magic Fresh Fruit Refrigerator Cake

1⅓ cups (15 oz. can) sweetened condensed milk
¼ cup lemon juice
1 cup quartered cherries, whole raspberries or sliced strawberries
24 vanilla or ch wafers

Blend sweetened condensed milk and lemon juice. Stir until mixture thickens. Add prepared fruit. Line narrow, oblong pan or spring form cake pan with wax paper. Cover with fruit mixture. Add layer of wafers, alternating in this way until fruit mixture is used; finishing with layer of wafers. Chill in refrigerator 6 hours or longer. To serve, turn out on small platter and carefully remove wax paper. Top may be decorated with fruit. Cut in slices and serve plain or with whipped cream. Serves 8.

Peanut Brittle Ice Cream

1 can Vanilla liquid ice cream mix
½ cup (1 can) milk
1 cup cream, whipped
¼ cup crushed peanut brittle

Empty can of ice cream mix into a bowl. Fill can with milk and add gradually to mix, stirring until blended. Fold in cream, add candy. Turn into freezing tray of automatic refrigerator, setting control for coldest freezing temperature. Stir thoroughly once after first ½ hour of freezing. Freezing time: 2½ to 3 hours. Makes about 1½ pints ice cream.

Coffee Sparkle

When you serve refreshments on the Fourth of July, try this refreshing Coffee Sparkle. It's made with decaffeinated coffee, so that everybody can indulge in second and third cups without worrying over sleeping problems.

Add ½ pint vanilla ice cream to 1 pint cold, freshly made decaffeinated coffee. Beat with an egg beater until creamy. Fill glass ¾ full of this coffee, then fill with ginger ale.

Matoaka Council Holds Advance Night

With a large attendance to lend the Chiefs moral support, the Advance Night of Matoaka Council No. 18, Degree of Pocahontas, Wednesday, June 25, was a "splendid success," according to Mrs. Olive Hoover, publicity chairman.

Deputies introduced were Willopi Deputy Irma Cresci; Deputy Katherine Keating from Bald Eagle; and Past Great Pocahontas Tillie Cavagnaro, deputy for Manzanita; Mary Hennessy, deputy for Seneca; and Marion Welch, deputy for Minnequa, San Jose. The group regretted that Sister Nellie Seagrave, deputy for Mochican, was away on vacation.

Gifts were presented the deputies at the banquet table, which was laden with gavels, "the emblems of authority." The Wenonah, Mrs. Hoover, 1040 Brunswick street, was given a Pekinese puppy, a gift from the chairman of the evening—"something," as Mrs. Hoover said, "to love and to be loved by."

Business of the next meeting will be the election of delegates to the Great Council, to be held in Red Bluff in August.

LINDSTROM LECTURES ON MURAL DESIGNS

The problems of mural design will be the subject of a talk by Charles Lindstrom at the San Francisco Museum of Art, Sunday afternoon, July 20 at 3 p. m.

The recent renaissance of mural painting in this country, as evidenced in the current exhibition at the Museum of Mural Designs for post offices in the 48 states, makes Lindstrom's discussion of the history and current type of wall painting timely.

Teaches With Films

Pant Pratinidhi, Rajah of Aundh, India, teaches his people with educational films and has made deep breathing exercises in schools compulsory.

Royal Neighbors Attend S. F. Meet

Eleven members of Vist Grande Camp No. 6035, Roy Neighbors of America, attend the joint meeting of Bay ar camps at Druids hall, San Fra cisco, last Monday evening. E right camp was hostess to t group.

After the regular meeting, fi new members were initiat One of these was a Vista Gran camp candidate. Entertainme and refreshments were enjoy by the group.

Those from the Daly City ca included Mrs. Doris Burdick, M Lila Thery, Mrs. Ocie Ainswor Mrs. Ruth Appleton, Mrs. Lu Nelson, Mrs. Anna Smith, M Grace Coolish, Mrs. Agnes Wo Mrs. Esther Meritt, Mrs. Ma Rodrigues and Mrs. Johanna He val.

Next meeting of Vista Gran camp's sewing circle will be h Tuesday afternoon, July 8. Ho ess will be Mrs. Effie Ridl 517½ Capp street, San Francis

Colma PTA Announces Summer Whist Schedule

Members of the Colma P. T. today announced a new sched for their whist games during summer. For the months of J and August the group will h their card games on the first a third Tuesdays.

Their first summer card ga was postponed one week, to Tu day, July 8, due to the week the Fourth.

Card playing will begin at p. m. at the Jefferson annex. M Epidendio will be chairlady the afternoon and other ladies the organization will assist her

The committee announces th will be many lovely prizes awa ed the lucky winners and a c first prize goes to the one w the highest score. Refreshme will be served, by the commit in charge, after the card playi The public is cordially invited attend.

ENJOY THE FIFTH, TOO!

Enjoy the glorious Fourth, but be alive on the Fifth! July, as one of the year's worst accident months, calls for less speed and more cooperation on the highways, less cutting in and more cutting down on bad traffic habits. After all, why not take our holiday outings in a more holiday mood, and less in a grim, hell-bent-for-leather fashion as if life and livelihood depended on getting to the destination a few minutes earlier than somebody else?

To this year's throng of motoring vacationists and holiday-seekers is now added the extra traffic occasioned by the defense program. Already in the first five months of the year, California's traffic fatalities have soared 16.9 per cent over the like period in 1940. Unless sharply checked, the State appears headed for its worst traffic toll record in history.

Fortunately, it can be checked. Every driver can help and, by doing so, assure himself and his family a more glorious Fourth and happier Fifth!

INDEPENDENCE DAY

The celebration of our Independence Day is no idle holiday in a world where the independence of more than a dozen once sovereign states has vanished from the face of the earth before a rising tide of aggression.

It is to make her own independence secure against that menacing tide that this nation today has plunged, heart and soul, into the task of building a military machine on land, sea and air, second to none.

Grave as that task is, it is no more difficult than that which faced the thirteen colonies in the days of '76. We pay tribute now to the courage and inflexible will of the statesmen of that time who led a fledgling group of states to challenge one of the world's mightiest powers, and to assert the right of those states to be free and independent.

But less remembered today, and it is well worth remarking, is the fact that the Declaration of Independence was then regarded by a large number of persons as an act of the most wanton and foolhardy recklessness. The people of the colonies were by no means united in its support. Many were totally indifferent to it. Others actively opposed military action of any sort.

Indeed, there was some reason for the claim of those who cried, "We can't win!" The colonies had no status whatever in the family of nations. Their finances were in chaotic condition. They were challenging the world's greatest naval power, a nation, moreover, supported by well trained and veteran armies. The American states had barely a handful of ships; its troops were inferior in numbers and training; there were no funds to finance a war. But the fearful and disheartened skeptics lost the day.

Victory went to men with the spirit of Washington and Jefferson, of Tom Paine and Patrick Henry. It is those men whom America remembers and honors on her Independence Day, and to the cause for which they fought America pledges its undying loyalty.

Summer Theatre Opens Season Tomorrow

San Mateo county's first summer theatre, "Hillbarn," will open its season tomorrow evening with "Davey Crockett," or "Lost in the Wilderness." "Hillbarn" may be reached by driving south on El Camino from San Mateo and turning up the hill at the San Mateo-Belmont line. Curtain is at 8:30 p. m.

"Davy Crockett" is the first of six productions, including "A Scrap of Paper" by Victorien Sarou, July 10, 11, 12, and 13; "Ghosts" by Ibsen, July 17, 18, 19, and 20; "Thank Your Stars" by Leola Buelow, July 24, 25, 26, and 27; and "No Boots in Bed" by Ronald Mitchell, July 31, August 1, 2, and 3.

Directors are Robert Brauns, Sam Rolph, and Ralph Schram.

Blue Stamps Will Buy Fresh Vegetables

During July all fresh vegetables available on local markets can be purchased with blue stamps by families taking part in the Federal food stamp plan, according to announcement made today by K. C. May, area supervisor of the Surplus Marketing administration.

More than 25,000 public assistance families in the Bay region participate in the plan, and by placing all fresh vegetables on the blue stamp list, it is expected that considerable increase in the consumption of seasonal local surpluses of perishable truck crops will result.

Miss June Prescott Bride of C. E. Carlson

Following in her sister's footsteps, Miss June Prescott, beautifully attired in a white lace wedding gown, walked down the aisle of the Ocean Avenue Presbyterian church on the arm of her uncle, G. E. Carlson, to become the bride of Larry Williams, San Bruno. Her sister, Mrs. Gerald H. Felch, was married in the same church two weeks before.

The bride's gown was fashioned in dainty lace with a tight fitting bodice and a long train. Nestled in her chestnut hair was a Juliet cap of pearls to which was attached a lovely tulle veil. Her bouquet was composed of two orchids surrounded by sweet peas and bouvardia.

Attending the bride as matron-of-honor was her sister. She wore a pink gown with tiny raised flowers throughout the material. She carried an old fashioned French bouquet.

The bridesmaids, Vivian Thorsen and Marguerite Felch, were gowned in blue, and Evelyn Wilson in peach. Each bridesmaid wore a matching headpiece of net and carried old fashioned French bouquets.

Mother of the bride, Mrs. W. J. Prescott, 315 Peoria street, was dressed in a black evening gown.

After the ceremony, performed by the Reverend R. Willis, a reception was held in their honor at the No. 4 firehouse. Over a hundred guests were present to congratulate the happy couple.

The newlyweds plan to make their home in San Francisco.

A. Wolin, San Diego, and J. Wolin and C. Wolin, Descano, California, friends of the bride, motored to San Francisco to be present at the wedding. Mr. and Mrs. M. Ulrich and sons, Vallejo, and E. Harvey, Oakland, were also present at the ceremony.

S. S. F. Couple Give Reception At Villa

Mr. and Mrs. Charles Rodoni, 615 Linden avenue, South San Francisco, gave a wedding reception in honor of their daughter, Sunday afternoon. The gala event took place at the Villa Mateo, a popular dining spot in Daly City. Music was played by Harry Diner's orchestra.

The newlyweds, Mr. and Mrs. Anthony Lanuth, South San Francisco, were married in the All Souls church at 3 p. m., Sunday afternoon.

Girl Bull-Fighter

Whirlwind attraction in the bull rings of Peru, Portugal, and Mexico City is 17-year-old Conchita Cintron, declares the American Magazine. She already has 32 victories to her credit. Conchita spent most of her childhood training to be a bull-fighter.

Colma News

Miss Florine Capurro returned home from a week's vacation at Clear Lake, Sunday.

Miss Eleanor Price, San Jose, returned home for the weekend. Miss Price is a student at San Jose State college.

Mrs. John Newton and daughter, Elizabeth, motored to Yountville, Sunday, to spend the day with Mrs. Newton's father.

Mr. and Mrs. Victor Capurro attended the wedding of Miss Frances Bosti, Stockton, and John Anolfo, San Francisco, last Sunday at Stockton. Their daughter, Miss Florine Capurro, was one of the bridesmaids.

Mrs. John Price and **Mrs. Raymond Foster,** Daly City, attended a bridge luncheon at Uncle Tom's Cabin, Thursday.

Mr. and Mrs. Raymond A. Thomas are the proud parents of a son born, June 17, in San Francisco.

Mrs. Hanelt Injures Foot In Fall

Mrs. E. H. Hanelt, 328 Winchester street, was taken to Junipero Serra hospital, last Tuesday, after she fell at the foot of the stairs to her home.

She was found to have suffered contusions of the right foot, with a possibility of a fracture.

"What Can I Do?--"

By DOROTHY THOMPSON
Member, Board of Directors, Council for Democracy

For many weeks past I have been receiving letters—hundreds and hundreds of letters, all asking the same question: What can I do? The authors say, "We feel that we are in a crisis, we know that we are arming with immense rapidity, while, at the same time, we are giving all possible aid to Britain in her effort to stem the tide of tyranny, despotism and chaos. But meanwhile I feel so idle. I want to do something for my country and for democracy. What can I do?"

Dorothy Thompson

Sometimes I think one trouble with our society is that we think too much in terms of "doing" and not enough in terms of "being." Every living human being creates around himself or herself an atmosphere. It transmits itself to one's husband or wife or children, to the friends of one's inner circle, to business contacts and club contacts. The sum of that atmosphere, created by millions of Americans, is what is known as "morale."

Without "doing" anything very active, you can held build up that "morale," or tear it down, by your day-to-day behavior, in all your relationships. Remember the old adage, "They also serve who only stand and wait." Whether they serve or not depends on the poise and temper with which they stand and wait.

Every American who never for an instant loses faith in the American ideals of freedom and democracy and testifies to that faith whenever the opportunity offers, and in however modest a way, is doing something for America in this hour.

We Are All Americans

To transform a peace economy into an economy geared to total defense means all sorts of new problems and new adjustments, and new taxes. Think to yourself: The men who are planning our defense and making all these arrangements are Americans. They believe, basically, exactly the things I believe. They are doing their level best to save America and make a stronger, greater, better America.

The man at the head, our President, was elected by a majority of us. If Mr. Willkie, who did his best to defeat him, can give him his unswerving loyalty, I can. I want him to be the greatest President America ever had, because if he is not, my family and my country will suffer. Therefore, I shall listen to no criticism of him made in malice.

If my taxes are higher, I shall do everything to readjust my standard of living to that fact and I shall not complain. I shall remember that, in comparison with people of my class—my work, my profession, my trade—anywhere else in the world, I am rich.

I know that the enemies of this Republic and this Democracy are doing their best to stir up unrest and dissension among us. If someone urges me, by a pamphlet or a speech, to regard all Jews as my enemies, I shall remember that stirring up hatred against Jews is a Hitler tactic.

I shall remember that freedom and democracy teach me to live and let live.

I shall look about me, in my own community, and see whether these new times have created any new problems that perhaps I, and the people associated with me, for instance in a club or a chamber of commerce, can help to solve.

New Community Problems

Perhaps a new factory has come to my town, or perhaps an old one has suddenly expanded, and is drawing workers from distant parts. Have they got comfortable places to live? Could we find furnished rooms for them, at a reasonable price? Are there, perhaps, some empty mansions, long on the market, that we could turn into comfortable, home-like boarding houses for them? Would they like to join our church?

How about all this talk about fifth columnists? Hadn't I better leave most of the investigation of this sort of things to the F. B. I? If someone comes and whispers to me that this or that German family is probably a secret "Bund" member, how about asking myself whether I really and honestly believe it? Do I want to lend myself to a wholesale campaign of persecution against honest, decent individuals?

If I want to help my country in this hour, I must stop being afraid. Stop being afraid of war, stop being afraid of taxes, stop being afraid of some future depression, stop being afraid of the President or the Republicans . . . in short, stop being afraid.

The human race has gone through desperate times before, and has survived. It will survive these desperate times too. And the people who survive them best are those who are most cheerful, most confident, who know what they believe in and stick to it, and who are least afraid.

Every single individual, however modest or limited his influence, can contribute to that virtue and that behavior which means survival: the survival of the society, of the nation, and of the ideas for which the nation stands. The way one **is** is just as important as what one **does.**

(Reprinted from Ladies Home Journal)

Federal Govt. Prosecutes Food Stamp Violators

Evidence presented by food stamp investigators resulted in three to six month jail sentences being imposed in Federal courts recently against three food retailers in southern California and Arizona, according to announcement made today by Charles F. Kunkel, acting regional director of the Surplus Marketing administration.

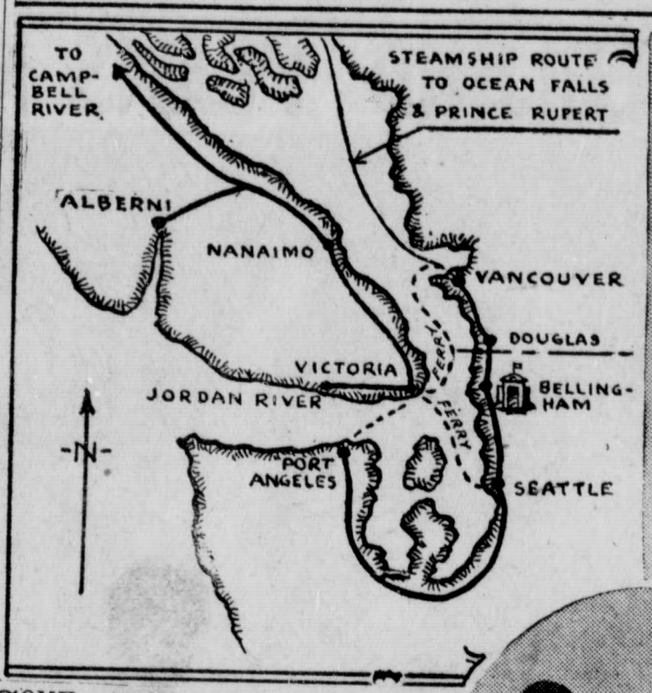
In all cases the sentences were imposed under the federal statute of making a false claim against the government.

"As food stamps are redeemed by the U. S. Treasury any misuse of food stamps by merchants constitutes a false claim when the stamps are presented for payment," said Kunkel. "Food retailers well understand the simple rules and regulations governing the operation of the food stamp plan and the campaign of compliance will be continued until all malicious violators are prosecuted or barred from further participation. Only in this way can the government, the farmer, the honest merchant and the needy food stamp user be protected."

Surplus foods committees comprising representative food retailers and wholesalers who assist in the operation of the plan in food stamp areas have been very helpful in securing compliance, according to Kunkel.

Purchase of food stamps for cash and sale of non-surplus foods for blue surplus food stamps as well as sale of non-food items such as alcoholic beverages, tobacco, gasoline and household items make up the bulk of complaints received by SMA from retailers and participants.

Friendliest Border in the World



SOME years ago in dedicating one of the several international bridges between the United States and Canada, President Roosevelt, with prophetic insight referred to the international boundary as "the line which JOINS our two countries." Never was that so true as today when in all things except the political, Canada and the United States are as one.

One hundred and twenty years ago the Rush-Bagot Treaty was signed between Canada and the United States. It ended forever the possibility of strife between the two nations which since have gone forward as neighbors in an understanding and friendship that never was more knowing or stronger than it is today. When the centennial of the signing of that treaty was observed, the school children of British Columbia and Washington poured their pennies and nickels and dimes into a common pot and built the Peace Arch which straddles the line between Bellingham, Washington and Douglas, British Columbia. That was prophetic also.

Americans have always been honored visitors in Canada. Today, Americans have won and hold the full affection and esteem of the Canadian people and not more so anywhere than in British Columbia, the most westerly province of the Dominion. Instead of being restricted, the border line between Canada and the United States is more open than ever. On the British Columbia side of the line there is a mat with welcome on it that stretches from the most easterly to the most westerly limit of the province. No passports, no visas are needed by Americans to enter Canada. Except for restrictions upon photographic activities within certain small, prescribed military and naval areas, which every reasonable person will understand, there are no regulations to prevent the visitor from going where he wishes, doing what he wants in Canada but because in these parlous days the United States must also take precautions, it is advisable for American visitors to bring with them proof of their citizenship, such as a birth certificate, naturalization certificate, tax bill or car license, in order to establish their identity with American Immigration authorities on returning home.

Although Canada is at war and there are areas of pronounced military, naval and air activity in British Columbia, these are limited. There are thousands upon thousands of square miles of territory in which no signs of war activity occur and where the normal facilities for the enjoyment of a vacation remain just as they were in times of peace. There are the same opportunities for fishing, camping, photographing, relaxation and the peaceful participation in peace time pursuits as before war broke out. British Columbia, in war time, offers just as many attractions to American tourists as in peace time with the added advantage that every American dollar spent in Canada is worth more than ever in Canadian funds and that every American dollar goes back immediately to the United States for the purchase there of materials which Canada needs for the fight to perpetuate that way of life without which American and Canadian ideals no longer can exist.

For your card file. Cut along dotted lines.

Betty Barclay's Jelly Shelf

RIPE STRAWBERRY JAM

4 cups prepared fruit
7 cups sugar
½ bottle fruit pectin

To prepare fruit, grind about 2 quarts fully ripe strawberries, or crush completely one layer at a time so that each berry is reduced to a pulp.

Measure sugar and prepared fruit into large kettle, and mix well.

Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 3 minutes.

Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once. Makes about 10 glasses (6 fluid ounces each).

Longest River

The Mississippi-Missouri, generally considered one river by geographers, is the longest in the world. From the fountain-head of the Missouri, in the Rockies on the southwest border of Montana, its total length is 4,221 miles. From the source of its other branch at Lake Itasca in northern Minnesota, the so-called Mississippi proper is 2,553 miles long. The second longest river is the Nile, 4,000 miles from its remotest headstream, the Kagera, which flows into Lake Victoria. The Amazon river in South America has the greatest basin—2,772,000 square miles.

Guard President

At President Roosevelt's party for Washington newspaper reporters, guests who had wandered to the south lawn had a queer sensation when they tried to get back into the Mansion and found the doors locked. Peering through the windows they saw that the brightly lighted Red room, the Blue room and the Green room had been suddenly emptied. Before long, a secret service aide came to explain. The rooms had been cleared to allow President Roosevelt to pass through to his private elevator. Just part of closer guarding of the President since the war has become worse.

First Dog Shot

Bobby, an Alsatian dog attached to a crack French Zouave regiment as a messenger, was the first dog to be shot by the Germans on the Western front, according to a report received in Paris. His body was recovered and was buried with the following epitaph: "Here lies Bobby, a messenger dog, who fell on the field of honor while rendering service."

Multiplex Camera

Play Three Games Sunday At Jeff Hi School Diamond

The Columbia Park Boys' club baseball team defeated the Visitacion Valley Merchants 5-3, Sunday, in the first of three games at the Jefferson Union high school diamond. The Boys' club trailed until the seventh inning, when they pushed over four runs to clinch the game. Galvin hit a double and triple for the winners, while Robertson led the losers with two hits.

Batteries for Columbia Park were Galvin and Bertelsen, and for Visitacion, McGuire and Follmer. Both teams were from San Francisco.

In the second game the United Commercial Travellers team easily defeated the Arc Electric company by a 10-2 score. The travellers team knocked over six runs in the first inning and dominated the game throughout. First baseman, Cerrias, of the winners collected four hits, including a triple and two doubles. Woods led the losers with two hits. Batteries for the Travellers were Darling and McGuire; for Arc Electric, Haron and Pipko.

In the final game the Twenty-fourth Street Merchants defeated the Papenhousen Hardware team 4-3. All games were under the supervision of the Daly City WPA Recreation department.

Eddie Allen's Son Wins Third Prize

If Eddie Allen, well-known local horseman, doesn't win a prize he can always depend on his son, Eddie jr., to do it for him.

Allen exhibited one of his two Palomino stallions at the Gymkhana club, San Mateo, recently, and he let his son come along and ride his other Palomino stallion in the show. Allen didn't get a ribbon, but Eddie jr. won third prize. Judge was Jack Holt, screen star.

The 30-man San Mateo County Sheriff's posse, of which Allen is a member, was given a handsome placque for its showing at a parade at Hayward, recently. Competing against the posses of Santa Clara and Contra Costa counties, the San Mateo group was considered the best appearing group by the Hayward Chamber of Commerce, which gave the placque.

The posse plans to attend the Independence Day celebration at Redwood City, July 4, 5, and 6. After they take part in the rodeo, Friday, they will be the guests of John E. Olson, of Palo Alto, at his ranch back of Stanford.

Allen will judge the stock horse class at the rodeo.

Women Emancipated

In dry Uzbekistan, where much of the Soviet Union's increasing cotton supply is produced by the aid of irrigation, some three-quarters of the population is made up of Uzbeks, with minority groups of Tatars, Tajiks, Cossacks and Russians. Today—in a country where wives were once bought for so much rice—women are now reported to account for one-third of the industrial workers, many of them skilled as machinists and tractor operators. Others have become teachers, actresses and physicians.

Ancient Decorations

Shell, crystalline spar, bone and ivory were all employed by the ancients for architectural decoration. On these hard substances, the colorists could produce excellent designs. The thin film of color, however, was not durable—it soon wore away and light places showed through. Since those days, modern methods of decoration include certain mordants to set the colors and the steeping of small articles made from such dense substances in a dye bath for several hours.

WINTERLAND PLANS MATINEE

Charming Bess Ehrhardt and six escorts in one of the spectacular Ice Follies of 1941 numbers.

First daytime performance of the spectacular new Ice Follies of 1941, now playing nightly at Winterland, in San Francisco, will be held Saturday afternoon, July 12, it was announced this week.

The special matinee was set in response to thousands of requests, a large part of which came from those planning to visit San Francisco over the holiday week-end.

The same great cast of stars and the same sparkling ensembles which appear nightly in the new Ice Follies will be on the program for the matinee, which is the only daytime show now scheduled by the dazzling revue.

International skating stars featured in "the world's greatest musical revue on ice," will be on hand for the matinee, it was declared by the management.

The San Francisco engagement of the Ice Follies is carrying on the tremendous boxoffice records set by the glittering show throughout the East during the last winter season, when virtually all performances were sold out. Locally, the show is setting new attendance records each week.

This year's Ice Follies is a completely different version of the famous entertainment which thrilled three quarters of a million persons in the Bay area in 1939-40. Adding to the beauty of the presentation is the remodeled interior of Winterland, which now has a 117-foot stage and a new balcony.

Invite Daly City To Redwood Event

Residents of Daly City and vicinity not only are invited to attend the Peninsula Fourth of July Celebration at Redwood City but to participate in any of the many events desired, Chairman Ole S. Oleson of the celebration committee declared this week as he pointed out that more than 150 trophies, awards, prizes and cash gifts are offered in the various features.

Being planned for the event are such features as rodeos, horse show, model airplane meet, miniature auto races, parade, patriotic exercises, athletic and sports events, boat races, floral and bike parade for children, watermelon and pie-eating contests, and dancing.

Everything will be free except the rodeo, horse show, and dances.

James E. Donahue Takes Top Honors In Spring Contest

Daly City has a real "super-salesman!" His name is James E. Donahue, local De Soto-Plymouth dealer.

In a recently concluded nation-wide Spring selling contest for De Soto-Plymouth dealers and the De Soto division of Chrysler corporation, Donahue finished as one of the highest ranking salesmen in the United States.

He placed third in the California division. In three months he sold 165 automobiles—70 new cars and 95 used cars.

He was informed of his high standing in a congratulatory message signed by L. G. Peed of Detroit, De Soto's vice-president.

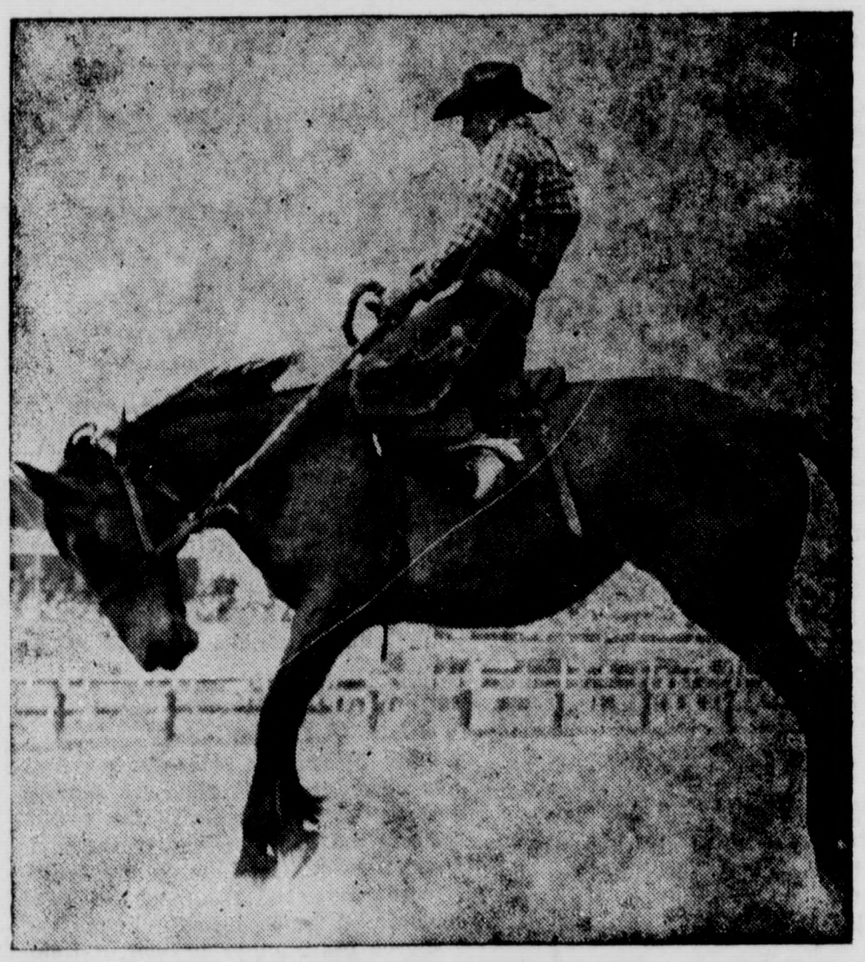
"You have played a very great role in helping De Soto to new, all-time sales records this Spring, not only in your own region, but across the entire United States," wired Peed. "Hence, the sincerest congratulations of the whole organization."

The contest was the largest and most successful in De Soto history, with 12,000 salesmen participating, according to De Soto officials. Selling men who qualified were awarded prizes. Donohue won over $800 for his "superselling."

Nurses

The National Organization of Public Health Nurses is represented by 20,000 trained women who spread the gospel of good health in isolated homes of poor families throughout the United States.

PENINSULAN TO RIDE AT RODEO



Not all the bronco-busters come from Arizona and Texas, as this photo shows. It is of a Peninsula rider, Jack Harra, Redwood City, who won the most events at the recent Placerville rodeo, thereby becoming "best cowboy" at that show. He is one of about two hundred riders who will compete at the rodeos, Friday and Saturday, in Redwood City at the Peninsula Fourth of July Celebration.

Marchbank Park Baseball Fans See First Homerun

Marchbank park was "christened" with its first homerun, Sunday, when Sibold, of the San Francisco Chronicle nine, socked a four bagger against the tricky slants of Walt Christien, hurler for the Daly City Juniors.

This was one of but six safeties collected by the Chronicle lads. Christien held his opponents at bay very effectively, despite poor support in the field. The Juniors bobbled six chances, but won, 8-5. Christien fanned 11.

Box score for the locals was as follows:

	AB	R	H
Valente, 3b	4	1	1
Pezzollo, 1b	3	0	0
Fazzio, rf	4	1	2
Preston, cf	3	1	0
Schultz, cf	1	0	0
Christien, p	3	2	1
Massoni, ss	1	1	1
Dyer, lf	2	0	0
Razzari, 2b	3	1	2
Huerta, c	2	1	0
	26	8	7

With Costa, of the Salesian Boys pitching well in the pinches, his team triumphed over the Colma Merchants 13-9 in a game marked by frequent errors on the part of the Merchants. Each team chalked up 13 hits. The game was the second on the billing, Sunday, at Marchbank park.

Box score of the Colma team was:

	AB	R	H
Massini, lf	4	1	0
Bocci, 2b	6	0	1
Gianni, 1b	5	1	2
B. Nova, p	4	2	3
Massoni, ss	5	2	2
Flynn, rf	5	2	2
Rankin, cf	5	1	3
L. Nova, c	2	0	0
Percival, 3b	4	0	1
	40	9	13

The third game was won by the Daly City Cubs by forfeit when their opponents did not appear. All games were under the supervision of the Daly City WPA Recreation department. Leader in charge was "Curly" Stadelman. Only two games will be played, each Sunday, at Marchbank park hereafter, it has been decided.

Defense Bonds Are Selling Fast Here

Defense Savings bonds and stamps are selling fast at the Daly City branch of the San Francisco post office, according to G. Johns, in charge of the local office.

The bonds and stamps may be purchased at the Bank of America also, said Johns.

In a communication from the United States Treasury department, the public is urged to invest in Defense Savings bonds and stamps, which are part of a "carefully considered plan for enlisting the savings of the American people in the task of financing the National Defense program."

New Airplane

The United States army has developed an observation airplane that can rise into the air 50 feet after starting a flight and stop within 100 feet of alighting.

Don't Put Your Engine Behind the EIGHT BALL!

No, sir. Put our famous Pennzoil Nu-Zip oil in the crankcase of your car and you'll have smooth, peppy power.

Your motor will be free of engine drag.

Don't worry about CARBON.
Don't worry about OVERHEATING.
Don't worry about ACID SLUDGE.
Let us fill your crankcase with Pennzoil NuZip.

NOTICE OF TRUSTEE'S SALE

Loan No. 23326

NOTICE IS HEREBY GIVEN: That on the 11th day of July, 1941, at 9:30 a. m. of said day, at the main entrance to the County Court House of the County of San Mateo, in the City of Redwood City, State of California, THE ANGLO SAFE DEPOSIT COMPANY, a corporation, as substituted trustee, will sell, at public auction, to the highest bidder, for cash, in lawful money of the United States of America, all interest acquired by or through the deed of trust hereinafter mentioned, in and to the following described real property situate in the City of Daly City, County of San Mateo, State of California, particularly described as follows:

Lot No. 13 in Block No. 25, as shown on that certain map entitled "Map No. 1 Vista Grande, San Mateo Co., Calif." filed in the office of the County Recorder of San Mateo County, November 5, 1906 in Book "C" of Original Maps at page 35 and copied into Book 4 of Maps at page 41 thereof.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust made and executed by MONETA INVESTMENT COMPANY, a corporation, therein called grantor, to ANGLO-CALIFORNIA TRUST COMPANY, a corporation, as trustee, for the benefit and security of ANGLO-CALIFORNIA SECURITIES CO., a corporation, dated the 7th day of October, 1927, and recorded in the office of the Recorder of the said County of San Mateo, State of California, on October 10, 1927, in Liber 322 of Official Records at page 155.

That said deed of trust and the debt thereby secured was assigned to The Anglo California National Bank of San Francisco, a national banking association, by said Anglo-California Securities Co., by an instrument in writing, recorded in the office of said County Recorder; and by another instrument in writing recorded in the office of said County Recorder, said present beneficiary substituted the undersigned, The Anglo Safe Deposit Company as trustee under said deed of trust, in place and stead of said Anglo-California Trust Company, with full power and authority in the premises.

Notice of breach of the obligations secured by said deed of trust and election to sell said real property was recorded by said present beneficiary, The Anglo California National Bank of San Francisco, in the office of said Recorder, on February 17, 1941, in Volume 937 of Official Records at page 394, at which time default had been made by said Moneta Investment Company in the payment of the promissory note and the whole thereof, secured to be paid by said deed of trust, and in the payment of the interest which accrued thereon since September 1, 1940, and because of said defaults, said promissory note according to its terms, was at the time of recording said notice of breach and election to sell, and now is, due and payable.

This notice is given pursuant to and in compliance with a demand heretofore made upon said trustee by the beneficiary to proceed with the sale of said property under the terms of said deed of trust aforesaid.

Dated: May 29, 1941.

NOTICE OF TRUSTEE'S SALE

Loan No. 23108

NOTICE IS HEREBY GIVEN: That on the 11th day of July, 1941, at 9:50 o'clock a. m. of said day, at the main entrance to the County Court House of the County of San Mateo, in the City of Redwood City, State of California, THE ANGLO SAFE DEPOSIT COMPANY, a corporation, as substituted trustee, will sell, at public auction, to the highest bidder, for cash, in lawful money of the United States of America, all interest acquired by or through the deed of trust hereinafter mentioned, in and to the following described real property situate in the City of Daly City, County of San Mateo, State of California, particularly described as follows:

Lot No. 38 in Block No. 26, as shown on that certain map entitled "Map No. 1 Vista Grande, San Mateo Co., Calif." filed in the office of the County Recorder of San Mateo County November 5, 1906 in Book "C" of Original Maps at page 35 and copied into Book 4 of Maps at page 41 thereof.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust, made and executed by MONETA INVESTMENT COMPANY, a corporation, therein called grantor, to WESTERN AMERICAN REALTY COMPANY, a corporation, as trustee, for the benefit and security of ANGLO-CALIFORNIA TRUST COMPANY, a corporation, dated the 30th day of January, 1932, and recorded in the office of the Recorder of the said County of San Mateo, State of California, on March 1, 1932, in Volume 557 of Official Records at page 188.

That THE ANGLO CALIFORNIA NATIONAL BANK OF SAN FRANCISCO, a national banking association, has succeeded by consolidation to all the right, title and interest of said Anglo-California Trust Company as beneficiary in said deed of trust aforesaid and to the obligations thereby secured.

That by an instrument in writing, recorded in the office of said Recorder, said present beneficiary substituted the undersigned THE ANGLO SAFE DEPOSIT COMPANY, as trustee under said deed of trust in place and stead of said Western American Realty Company, with full power and authority in the premises.

Notice of breach of the obligation secured by said deed of trust and election to sell said real property was recorded by said present beneficiary in the office of said Recorder, on February 11, 1941, in Volume 941 of Official Records at page 283, at which time default had been made in the payment of the promissory note and the whole thereof, secured to be paid by said deed of trust, and in the payment of the interest which accrued thereon since September 1, 1940, and because of said default, said promissory note according to its terms was, at the time of recording said notice of breach and election to sell, and now is, due and payable.

This notice is given pursuant to and in compliance with a demand heretofore made upon said trustee by said beneficiary to proceed with the sale of said real property under the terms of said deed of trust.

Dated: June 11, 1941.

THE ANGLO SAFE DEPOSIT COMPANY, a corporation, Substituted Trustee.
By LINDEN L. D. STARK, Its President.
By I. M. OTTO, Its Secretary.

SUMMONS

No. 32817

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

ENRICO H. VENTURI, Plaintiff vs. THE COUNTY OF SAN MATEO, a body corporate and politic; FRED E. BEER, JACK A. LYNCH, JOHN W. POOLE, ALVIN S. HATCH and THOMAS L. HICKEY, as and constituting the Board of Supervisors of the County of San Mateo, State of California; and also all other persons unknown, claiming any right, title, estate, lien or interest in or to the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto. Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA TO:

THE COUNTY OF SAN MATEO, a body corporate and politic; FRED E. BEER, JACK A. LYNCH, JOHN W. POOLE, ALVIN S. HATCH and THOMAS L. HICKEY, as and constituting the Board of Supervisors of the County of San Mateo, State of California; and also all other persons unknown, claiming any right, title, estate, lien or interest in or to the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto.

You are hereby directed to appear and answer the complaint filed in the County of San Mateo in an action entitled as above, brought against you in the Superior Court of the State of California in and for the County of San Mateo, within ten days after the service on you of this summons—if served within said County, or within thirty days if served elsewhere.

The object of the above entitled action is to quiet title in the plaintiff to all of that certain real property situate in the County of San Mateo, State of California, and described as follows:

BEGINNING at the most Northwesterly corner of the Guadalupe Canal, which corner is distant South 5-¼° West 47.52 feet from Post No. 61 as located by the meanders of the line of Ordinary high tide, locality, near Wheeler's Milk Ranch, exhibited on the Official Map No. 1, of the Salt Marsh & Tide Lands situate in the County of San Mateo, State of California, approved by the State Board on the 25th day of September, 1871; running thence along the following courses and distances of the said Guadalupe Canal, South 5-¼° West 348.48 feet to Station No. 2 of said survey; thence South 22-¾° East 118.80 feet to Station No. 3; thence North 78° East 237.60 feet to Station No. 4; thence South 39-½° East 211.20 feet to Station No. 5; thence South 14-½° East 31.68 feet to Station No. 6 on the South line of Guadalupe Canal; thence along said line East 903.95 feet to the westerly line of the Southern Pacific Railroad Company's right of way, as described in Deed from William H. Dinning et al to Southern Pacific Company, a corporation, dated December 12, 1936, and recorded January 14, 1937 in Book 718 of Official Records at page 486; thence along said right of way line North 33° 34' 56" West 721.18 feet to the northerly line of said Guadalupe Canal; thence along said Northerly line West 893.78 feet to the point of beginning.

Containing 13.92 acres, more or less.

You are hereby notified that unless you appear and answer, the said plaintiff will apply for the relief demanded in the complaint.

WITNESS my hand and the seal of the Superior Court of the State of California in and for the County of San Mateo this 16th day of May, 1941.

NOTICE OF TRUSTEE'S SALE

ON MONDAY THE 14th DAY OF JULY, 1941, at the hour of 10 o'clock a. m. of said day, on the front steps of the premises commonly known and described as No. 3 Wellington Avenue, Daly City, California, SAN MATEO COUNTY TITLE COMPANY, a corporation, as trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, the following described real property, situated in the City of Daly City, County of San Mateo, State of California, and described as follows, to-wit:

Lot numbered 1 in Block numbered 3 as shown on that certain map entitled "Map No. 1 Vista Grande. San Mateo Co. Calif." filed in the office of the County Recorder of San Mateo Co., November 5, 1906 in Book "C" of Original Maps at page 35 and copied into Book 4 of Maps at page 41 thereof.

Said sale will be made to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by AUGUST SCHMITKE and EDITH SCHMITKE (his wife), grantors, to San Mateo County Title Company, as trustee, for the benefit and security of JOHN SCHMITKE and CATHERINE SCHMITKE (his wife), dated the 5th day of September, 1934, and recorded September 21, 1934, in the office of the County Recorder of the County of San Mateo, State of California, in Volume 634 of Official Records, at page 187.

Notice of breach of said obligation and election to sell said real property was recorded in the office of said County Recorder, March 1, 1941, in Volume 940 of Official Records, at page 363.

This notice is given in compliance with the demand heretofore made on the trustee by the beneficiary.

Dated June 14th, 1941.

SAN MATEO COUNTY TITLE COMPANY, a corporation, Trustee.

Always sift flour once before measuring it and always lift it lightly into the measuring cup.

No Log Cabins

Although most American illustrations picture them in log cabins, the late Harold R. Shurtleff, in the Log Cabin Myth, published by Harvard University Press, states that there were no log cabins in early New England or Virginia. They built frame houses.

News of Daly City's Organizations

Legion Auxiliary To Meet This Evening

Second nomination and election of officers will be the major business at the regular meeting of Daly City Unit No. 410, American Legion auxiliary, this evening at Legion hall. Delegates and alternates to represent the unit at district meetings will be selected at the same time. The business session opens at 8:15 p. m.

Patricia O'Brien, Jefferson Union high school student whom the unit sponsored at Girls' State this year, is to give a report of her week in Sacramento tonight.

Chairman for the July 11 afternoon whist to be given by the unit is Mrs. Harriet Olson. She will be assisted by Mrs. Vivian Pahlka, Mrs. Alice Reilly, and Mrs. Arthur Quirmbach. Playing will begin at 2 p. m. and the public is cordially invited. Many nice prizes are to be awarded.

Crocker P. T. A. To Hold Food Sale

Members of Crocker P. T. A. have scheduled a cake and food sale for tomorrow at Milo's market. The women are hoping to make it a huge success as the proceeds go toward sending underprivileged children to summer camp.

The cakes are home-made and bound to be good, according to the group. "If you don't know what to have for dinner tomorrow just drop in and let us show you our foods," the ladies said.

Mrs. Ann Eason is the chairlady of the event. Assisting her will be Mrs. Olga Bordson and Mrs. Vivian Pahlka.

ize the department—including scaling ladders—will be purchased.

The indebtedness of $40,000 will run for ten years at a cost to each taxpayer of 90 cents a thousand dollars of assessed valuation annually.

The improvement of the fire department will reduce fire insurance premiums seven per cent.

Voting by precincts was as follows:

Precinct A (polling place, No. 5 fire house) yes 133, no 68.

Precinct B (polling place, No. 4 fire house) yes 172, no 104.

Precinct C (polling place, 99 Evergreen avenue) yes 121, no 44.

Precinct D (polling place, 151 Wellington) yes 87, no 39.

Precinct E (polling place, No. 1 fire house) yes 184, no 70.

Precinct F (polling place, 4 Woodrow street) yes 202, no 57.

Precinct G (polling place, No. 3 fire house) yes 111, no 64.

Precinct H (polling place, 229 Citrus avenue) yes 167, no 56.

Precinct I (polling place, No. 6 fire house) yes 135, no 42.

Wild Rice

Wild rice contains 14.8 per cent protein, 9.3 per cent moisture, 2 per cent sugars, 1.5 per cent ash, 1.1 per cent fiber and small amounts of fat, phosphorus, potassium, magnesium, sulfur, calcium and chlorine, says the American Chemical society. The process of parching the seed, introduced by the Indians to facilitate removal of the hulls, reduces appreciably the content of fat, fiber, protein, total ash, magnesium, potassium and phosphorus. In a special test it was found that the vitamin B_1 content of three samples of wild rice seed averaged 1.67 international units per gram, whereas the average of the same three samples when parched was 1.39.

Colma Vista Grande Aerie, No. 1848, F. O. E., Holds First Initiation Class Under Administration of New Officers

Worthy Past President Junior Fred Hanel

Worthy Conductor Roy Allain

Colma Vista Grande Aerie, No. 1848, F. O. E., held its first initiation class under the administration of Worthy President John Craig, Thursday evening. Six new members were taken into the order. They were William Watson, Boyce L. Welden jr., E. E. Meyers, Frank Morris, Joseph Rogers, and Lawrence Lombard.

A large number of members were present for the initiation to hear the report of the chairman of the state convention delegation committee, Otto Schram.

Schram told of the aims, desires, and accomplishments of the convention at Santa Barbara. He announced that next year's convention would be held at Sacramento.

Following the business meeting, the members were treated to refreshments, and witnessed the motion pictures of the Daly City-Colma Lions club.

operation of the WPA, the state bureau of surplus commodities, the NTA, and local sponsoring organizations.

Jefferson Union high school supplies supplementary foods such as meat, milk, and seasonings, while the Surplus Marketing administration provides staple foods in season. Only children and adults acting as supervisors for groups of children may purchase lunches.

Dixie Named

A New Orleans bank was responsible for the popular term "Dixie," applied to the land below the Mason-Dixon line. Henry E. Elrod, Houston engineer and numismatician, said the Citizens bank of New Orleans was the originator, through its 10 piastre notes. The notes were issued in 1852, printed half in French and half in English. On the face of the note was the word "Ten" and its corresponding French word, "Dix." Southerners called the bills "Dixie." In those days, states issued their own money and much of it was almost worthless. The New Orleans bank was in prosperous condition, however, and the bills spread over the southland, which gradually became known as the land of the "Dixies," and finally, Dixieland.

Boy Weather Prognosticator

Interested in weather, a 14-year-old boy, Roger Keener, a Boy Scout, of Canaan, Conn., has set up his own weather bureau in his home and his predictions have been quite accurate, neighbors say. He has all the necessary instruments for recording wind, humidity, barometer pressure and precipitation. Roger became interested in weather through his scouting work and hopes to go on with his study, expecting to make it his profession later on in life.

Chemicals in Textiles

Textile fibers, including cotton, linen, rayons, silk and wool, are built up mainly from carbon, hydrogen and oxygen, although silk has in addition some nitrogen, and wool has nitrogen and sulphur.

Not Religious

It has been estimated that only about 5 per cent of London's population concerns itself with church going.

China Elephant

Dr. William W. Christley, Corydon, Ind., dentist, found a tiny china elephant in the debris of the 1937 Ohio river flood. He kept it. Since then, he has collected more than 700 toy elephants, big and little, in every kind of material from ivory to sponge. He keeps them in his office.

Eastern Star To Have Two July Meetings

Members of Crocker Chapter No. 382, O. E. S., will meet on Monday, July 7 and Monday, July 21, this month. The July 7 meeting will feature an educational moving picture about the Hawaiian islands. Refreshments will be served at the close of the meeting. Committee is composed of Frieda Andersen, Lucille Allison, Helen Meyers, and Adele Rehberg.

An indoor picnic will highlight the meeting, July 21. Members are asked to wear picnic clothes so that they can enjoy the games. Past Matron Leola Nelson is chairman for the games. Refreshment committee includes Esther Fernandez, Teresa Carey, Eugenia Bischoff and Christine Johnson.

During July no sewing club meetings will be held.

Elect Jakobsen To Head 40 and 8

A. G. K. Jakobsen, of Daly City, was elected last week as chef de gare of the San Mateo County Voiture, No. 393, Forty and Eight society.

He was also chosen as one of the seven delegates to the grand promenade to be held in Sacramento, August 11, 12, and 13.

Jakobsen was elected to serve a year. Other officers chosen include Jean P. Camgros, Burlingame, chef de train, and Charles Berryessa, San Mateo, conducteur.

Delegates chosen to represent the voiture at the national convention in Milwaukee were Elmer Hurst of Burlingame, and Felix La Crosse of Half Moon Bay.

Jakobsen lives at 332 Miriam street, Daly City.

Local CDA Members Attend S. F. Dinner

When Court San Francisco, Catholic Daughters of America, held a dinner at Joe DiMaggio's before their installation, June 27, the following members from Court St. Mary, No. 1155, Catholic Daughters of America, attended:

Christine Luebker, grand regent, Celestain Christine, Helen McDonough, Virginia Rengstorff, Frances Tamony, Agnes Denning, Beth Powers, Adele Hecht, Evelyn Weckerle, Katherine McDermott.

After the dinner the group went to K. C. hall, where the installation of officers was held.

Due to an oversight by the publicity chairman of the organization, the name of Mrs. Helen McDonough, who was installed as monitor, was omitted from the list of officers recorded as installed. All members complimented Mrs. McDonough on being one of the outstanding officers installed, and considered her floor work as perfect.

ABOUT TOWN---

Vincent Merlo, San Francisco and **Silvani Cristofani,** Daly City, applied for a marriage license in San Francisco, last week.

Mrs. Hugh H. Smith jr., Evergreen avenue, **Mrs. Harold Purser,** Templeton avenue, and **Misses Irene and Edna Smith,** Los Olivos avenue, are making a two-month motor tour of the United States. Not expected back until some time in August, the group is slated to visit the East coast, New York, Boston, Washington, D. C., Canada, and Chicago.

Mrs. "Red" Keithley and her two daughters, Gaye and Kaye, 38 Beta avenue, will leave tomorrow for Guerneville for a month's vacation.

Ethel Staves, Los Angeles, has been the recent house guest of her sister, **Mrs. James Rasor** and family, 143 Peoria street. While here she attended her nephew Jimmy's dancing recital.

More Interest in Sports

Is interest in athletic affairs slackening because of the European war? Not if attendance at baseball games is any criterion. At the Yankee stadium this summer, 84,000 paid to see a game, the third largest crowd in baseball history. And in the Pacific Coast league, Seattle, until June 5, 1940, drew 27,000 more admissions than during the corresponding period in 1939, and Seattle led the league in attendance in 1939. It seems that people want to get away for a couple of hours from the war news in Europe and welcome the opportunity of going to the ball game or playing a bit of golf.

An Old Custom

The customs of women dyeing their hair and tinting their fingernails date back some 4,000 years in Egypt, as is evidenced by pictures in ancient monuments and by mummies.

Geniuses Were Dull

Most of the world's geniuses were not bright children, but were queer, dull, or shy, according to Dr. George Sarton of Carnegie Institution of Washington, recognized as the leading historian of science.

Rolled Umbrella

A clamp has been invented to hold a rolled umbrella on an automobile steering column.

To Taxpayers

EQUALIZATION OF ASSESSMENT ROLL

Office of the City Clerk of the
CITY OF DALY CITY

Public notice is hereby given that in accordance with the General laws of the State of California and Ordinance No. 94 of the City of Daly City, the Assessment Rolls of the City of Daly City, County of San Mateo, State of California, for the fiscal year 1941-42 has been completed and delivered to me as Clerk of said City and Clerk of the Board of Trustees of said City, and will be open for examination in my office at the City Hall from 9:00 A. M. to 5 P. M. of each day, and that the Board of Trustees of the City of Daly City, County of San Mateo, State of California, will meet on the

7th day of July, 1941

at the hour of 8:30 o'clock P. M. of said day, and sit as a Board of Equalization to equalize assessments, and will continue in session from day to day until all the returns of the Assessor have been rectified.

Applications for correction of assessment of real estate, improvements and personal property are required to be verified by oath and filed with the Clerk.

Dated: July 3, 1941.

B. C. ROSS,
Clerk of the City of Daly City,
and Clerk of the Board of
Trustees of said City.
Pub. July 2, 1941.

Building And Home-Making Features

Sharp Increase In Number of Homes Built In Daly City

Home-building took a lusty surge forward in Daly City during the month of June—over $100,000 worth, to be specific.

The sharp increase in the number of homes being built in Daly City during the last part of May and the first part of June is revealed in figures of A. J. Bodien, city building inspector.

In the first week of June, $84,450 in building contracts was submitted for Bodien's approval. This is a part of a Peninsula building boom, which, according to FHA figures, has caused "more new homes to be constructed on the Peninsula—in proportion to population—than in any other community in the United States."

The new tract recently opened on Hillside boulevard is acting as a strong magnet to homebuilders. Twenty new residences have been contracted for in that area in the last three weeks. Bodien predicts that the 500-home tract will be taken up rapidly from now on.

Market street, in the southern tip of Daly City, also came in for its share—five homes worth $20,000.

During May, homes valued at $36,100 were contracted for. Improvements totalling $1,725 were made.

Bodien attributes the increase in building to general defense activity, and to the proximity of defense industries and shipyards in this area.

Local home building reflected a general increase in Northern California building. Another "top record" was reached in the northern section of the state, according to an announcement by the Federal Housing administration. Last month, mortgages selected for appraisal on new houses scored an increase of 22.5 per cent over May of last year, and a jump of 131.1 per cent over the same month in 1939.

Total FHA financing for May, 1941, was $12,297,200. This compares with $7,749,344 for May, 1940, and $4,485,000 for May, 1939.

"It is almost certain that Daly City will get a relatively large share of future building increases," said Bodien. "This activity should give local business a real boost.

Reverend Brown Studies In Seattle

Reverend and Mrs. Lionel F. Brown, San Jose avenue, left several weeks ago for Seattle where Reverend Brown intends to study for the summer.

In charge of Grace Presbyterian church during his absence is Reverend Samuel Harold Longstreth. Reverend Longstreth was recently graduated from the Dallas Theological seminary at Dallas, Texas. He and his wife intend to be in Daly City through the months of July and August.

Woman to Woman
By Marion Conger

April showers bring May flowers, but to brides June showers are much more exciting. Kitchen and linen showers have long been popular. Now there's a wave of glass showers that can be planned to make any bride's eyes sparkle like polished crystal.

Often the friends who attend showers have just so much money to spend for the bride-to-be. They find it embarrassing to be asked to give many times when they are saving for one special present. Glass showers are a solution to this problem, for a decanter bottle of catsup is as appropriate as a hand-blown vase.

Several friends can get together and start the bride's good crystal for her. Quality not quantity is the first essential for her formal stemware. A "starter set" including four basic pieces will answer the young wife's every need. This includes a water goblet, a large wine glass, a cocktail or sherry glass, and a finger bowl that can be used as a fruit or sherbet dish. Four of any of these pieces, or six or a dozen, make a grand gift.

In buying starter sets, remember to choose an American-made pattern. With imports uncertain these days the bride may find it impossible to fill out the pieces she wants later if they are of a foreign make. The glass should ring when it is tapped and be brilliantly clear. And the design should harmonize with her silver and china patterns.

There are exquisite patterns to choose from in the new Modern American handblown glassware, equal in quality to anything that was formerly imported. One or two goblets can be given as a teaser at a glass shower, and the remaining four or five as a wedding gift. Or a group of friends can give one goblet each thus completing a set.

Those who'd rather save the good crystal for one big splash will find a host of pantry-shelf presents in glass that cost next to nothing. A jar of honey with a card reading "Honey for the Honeymoon" is a possibility, or coffee in glass for that important first cup the bride brews her new husband. A little basket could be made up containing all the "makings" of a salad—bottles of oil, vinegar, condiments and salad herbs. The choice is, in fact, almost unlimited ranging from staple vegetables to such "necessary luxuries" as honey and relishes.

So attractive are the new duraglas containers that these gifts look really important, and there is no need to be embarassed about giving one festively-designed jar of conserves. Gay wrapping and a thoughtfully worded card will make it seem a special gift indeed.

County Taxes Proportionately Low For San Mateo

San Mateo county, with the highest school enrollment per thousand population of any county in California, actually receives millions of dollars more from the State Board of Equalization—due to this heavy enrollment—than it pays to the State in sales taxes, according to T. J. Hallinan, president of San Francisco Peninsula, Inc.

"By receiving these extra millions—the only county in California to enjoy this status—San Mateo county taxes are proportionately lower than perhaps any other area of equivalent size and population in the State," Hallinan declared. "In other words, by having more school children—and therefore receiving more funds from the State—we are enabled to maintain better schools yet without any added cost to the taxpayer.

"In this connection, it is noteworthy that the cost of government in the county is second lowest among the counties of California of similar size and population. In the past year, through able administration by county officials, cost of county government has been reduced $1.89 per capita.

"Naturally, such a high enrollment of school children—and the consequent benefits—are due to the influx of new families, residents of stable income who have selected this area for its ideal living advantages. As our surveys show, this development has been the result, in great part, of the carefully planned community advertising campaign sponsored by San Francisco Peninsula, Inc. Through this far-sighted promotion, funds for which will be exhausted this month—the entire county has profited. Businessmen report retail sales highest in history, unemployment is virtually non-existent, new car sales are higher than in any other Bay Area community, home building leads the entire nation in proportion to population, and the county in general, is enjoying the most ideal condition of stable economic and residential growth.

"We of S. F. P. I.,, Hallinan stated, "are eager to see this healthful trend continue . . . to see the county stay in its leading position. With heavy competition from Marin and the East Bay, both engaged currently in advertising campaigns to attract desirable new residents, San Mateo county cannot afford to rest on its laurels. Continuance of S. F. P. I. is imperative. And it is a matter of public record that S. F. P. I., entirely non-political and non-profit in character and objectives, has made Peninsula community advertising a brilliant example—on the basis of results alone—of modern civic enterprise."
